Mr. Ferrini -

I am faxing a letter I was requested to send to you
by David Butler. It concerns the Part 4 Filing for
TeleCom Services of the Low Country (TSLC)

Mr. Terrini and Mr. McDaniel

This is Heather Schoolcraft writing you concerning Telecom Services of the Low Country (TSLC) and their Part 4 Filing for the pooling administrator. We originally received an email from Mr. McDaniel stating that we needed to update The SC Office of Regulatory Staff on the status of four number resources:

803-913

843-605

843-955

843-738

I attached the updated spreadsheet in an email to Mr. McDaniel on November 1st. I am also including the updated spreadsheet in this fax. I was asked to "update the spreadsheet reflecting the date of number resource deployment...If the numbers have not been deployed, would you indicate the expected deployment date or plans with regard to releasing the number resources for re-assignment."

The status of all four numbers resources has been updated. It seems all I need now is to get the information to the right person. As I stated before, we originally received this spreadsheet with request for updates from Mr. McDaniel. He sent me in the direction of Mr. Terrini, and this morning I received a phone call from David Butler (803-896-5117), and he instructed me to write this letter and send it to both of you.

I greatly appreciate both of your assistance with these updates. Thank you in advance.

Best regards

Heather

Ms. DeSanty

I was originally instructed by Jim McDaniel "to update the spreadsheet reflecting the date of number resource deployment...If the company anticipates deploying the number within an expected time frame perhaps a request for an extension of time for deployment would be an appropriate action." The spreadsheet he was referring to was the one that I faxed yesterday.

For each of the four numbering resources I filled in either its *Date of # Deployment* or the *Expected Date of Deployment* (the last two columns highlighted in turquoise or yellow.) This was the only information I added to it. The rest of the spreadsheet was already filled in.

The purpose of my fax is to:

- 1) Get the *Date of # Deployment* information for the first two numbers to the correct department/person. I was originally sent this request from Jim McDaniel and he directed me to Charles Terreni.
- 2) Find out how to file an extension for the last two numbers.

I have been sent in a big circle trying to get this information to whoever it needs to go to. I would greatly appreciate your assistance if you know where this information needs to be sent. Thank you in advance.
